*CDT's AGM is coming up on 19 December 2011 and we have a few vacancies on the board. We are keen to encourage some new faces to join us. Any of the above qualities would be useful, **but you don't need any particular experience or qualifications**, just an interest in doing the best for your community. It's not a massive commitment but is very rewarding and **most of us have learned many new skills** through our involvement. For a chat about what's involved, please phone me on 679786.*
